Editorial policies on this report

Activity items and data contained in this report primarily indicate results for the entire corporation for fiscal 1999(1 April 1999 to 31 March 2000), along with some activities from past years and some activities from fiscal 2000.

In addition;

- (1) Besides Kubota's activities, an affiliated company's environmental conservation activities are also introduced this year.
- (2) In 'Providing Environment-Friendly Technologies and Products', policies and activities on environmental management of each division, and typical technologies and products of it are also reported this year.
